

PINNACLE CONTEMPORARY IDEA BOOK

IMAGINE
WHAT YOU
CAN DO

style + view

Windsor Windows & Doors has established a proud tradition of developing unique home construction solutions for more than 70 years. Our extensive line of windows and doors opens up a home to the ambiance and beauty of the outdoors, while the inspired designs and lasting performance of our products present an endless array of possibilities to architects and builders.

Windsor uses the highest quality materials, resulting in products that are not only beautiful, but also durable, strong and energy efficient. Choose from a wide selection of materials, as well as expanded sizes and decorative accessories that will make others take notice. Each product is designed to meet specific needs, depending on architectural style, regional preference and price point. Regardless of the product you choose, Windsor is committed to being the best value in the industry.

Stylish hardware. Stunning colors. Sleek finishes. No matter what design you have in mind, Windsor allows you to achieve it in style.

mix + match

Streamline your design with contemporary finishes, or let understated colors be the showstopper. Go bold with a textured black exterior or a painted black interior. Highlight your views with a low profile 90-degree corner window or a sprawling 20-foot multi-slide door. Our product combinations are nearly endless...

- > Take a daring approach with white interiors and hardware that serve as strong accents against other colors.
- > Choose black finishes for a powerful contrast to lighter colors in a modern design, or an inviting, seamless complement to darker shades.
- > Create a hint of drama and elegance in any door or window by incorporating bronze or black into your palette.
- > Add a sense of lightness to your home with satin nickel.
- > Brighten things up with brushed chrome, which offers a lighter luster than satin nickel while maintaining a subtle look.
- > Make your hardware stand out from its surroundings with the brilliant sheen of polished chrome.

now imagine what you can do...

one-of-a-kind configurations

Round out the contemporary look with our new Textured Black feature color. This black finish gives Windsor's windows and doors a rugged, utilitarian appearance that provides an added tactile dimension sought after by architects. This exterior clad color enhances visual appeal across many different styles and adds dramatic contrast to any architectural design.

casement + awning

Create a clean and understated look with Pinnacle wood clad casements and awnings. Our energy and cost efficient windows offer the ultimate in performance, stability and style. Take advantage of a convenient, easy-to-maintain unit offering maximum light and excellent ventilation. With an array of sizes and options, we can make a casement or awning for any room in your home.

Improved energy efficiency comes from our thick, two-inch sash and thermally broken frame that increase insulation and, more importantly, reduce your energy bills. And our sleek, single-lever, multi-point hardware makes for a tight, leakproof fit built for years of style and effortless operation.

direct set + low profile direct set

Our line of Pinnacle direct set and low profile direct set windows gives you the opportunity to make a bold statement. Choose an angle peak at the top of a casement or make it completely original with side-by-side windows to create walls of glass. Be inspired and get creative with our direct set line of products and benefit from the same exacting measures of energy efficiency and overall quality as our other windows and doors. Custom-shaped or standard, direct set windows can enhance the clean, modern aesthetics of your design.

90-degree corner window

Constructed with the same frame as our Pinnacle clad low profile direct set, our 90-degree corner window is designed with clean, straight lines to maximize your view. Corner units are available with a glazed corner post or choose to forgo the post altogether for virtually unobstructed sightlines.*

Increased visible glass provides a clear view of the outside world, while high-performance thermal ratings maintain a comfortable indoor environment. Whether you want to finish off a sunroom with architectural interest or create expansive panoramic views in a kitchen, our corner windows offer a stunning option sure to give your project a bold, modern look.

*Clear powder
coat paint exterior*

Pine interior

*Open units with no corner post will require field glazing by others.

stile + style

With more visible glass than a classic French stile, our narrow stile door significantly increases the daylight opening to create a clean, contemporary look.

narrow stile swinging patio door

Match your architectural style with performance by choosing a Pinnacle swinging patio door. Create unique sightlines, maximize natural light and improve outdoor views with significantly more visible glass afforded by our narrow stiles. A complement to any home's décor, Windsor's beautifully crafted in-swing and out-swing doors are available in five unique interior finishes with heights up to eight feet tall. The versatility of design options continues, with 51 different exterior clad colors and finishes, several hardware styles, multiple hardware finishes and numerous grille options. For safety, multi-point locking hardware is available. For style, add a customized transom or sidelite. Select one panel to operate or two panels, or include up to four panels in one frame. With narrow stile swinging patio doors, the options are nearly endless.

narrow stile sliding patio door

Windsor's sleek, narrow stile sliding doors will be the talk of your next outdoor event. With more visible glass than classic French stile doors, incredible ease of operation and modern aesthetics, our narrow stile sliding patio doors are the perfect complement to your contemporary design. Constructed with up to four panels, the doors glide effortlessly on two end adjustable tandem steel ball bearing rollers and offer a pultruded fiberglass sill in a gray or bronze finish. Heavy-duty weatherstripping also ensures your patio doors will be ready for the changing seasons, even when your patio is not.

narrow stile multi-slide patio door

Expand the feel of your indoor living space and let the beauty of the outdoors in. Featuring increased visible glass, narrow stile multi-slide patio doors highlight brilliant outdoor views and give your home a unique, contemporary architectural look. Not only an impactful design element, our clad multi-slide doors enhance your modern style while flooding your interior with an abundance of natural light.

Available in stacking or pocket configurations up to 20 feet wide, Pinnacle narrow stile multi-slide patio doors are designed to complement our existing Pinnacle collection and offer many of the same features as other products in the line. Choose from 43 clad colors, eight anodized finishes, one of five interior finishes, and a variety of glazing options and grille patterns.

narrow stile bi-fold patio door

Designed with narrow stiles for more visible glass and to maximize your views, the innovative concept of bi-fold patio doors brings open-air luxury to virtually any custom project. Quality, high-performance and stunning beauty come together in Pinnacle narrow stile bi-fold patio doors. We offer this versatile product in many sizes and configurations, which allows for installation in standard construction openings.

Pinnacle bi-fold patio doors feature a revolutionary hinge system that provides graceful operation and reliable function for years to come. Offered in three heights, our narrow stile bi-fold doors can be assembled with as few as two panels, and up to eight panels wide. Imagine having the capability to span an opening as high as eight feet tall and up to 24 feet wide.

Highly customizable, with thousands of available product possibilities, from stylish hardware to stunning colors and contemporary finishes, the opportunities are nearly endless. Enhance your home with bi-fold doors and be inspired by the view.

patio door handles + finishes

Brushed chrome, polished chrome, satin nickel and brass feature a clear coating that protects the finish against tarnishing and peeling. It extends the rich, bright life of the finish and dramatically delays the aging process.

1/Bi-fold doors are available with the contemporary swinging handle in satin nickel, brass and oil rubbed bronze; 2/Euro swinging handle is only available in satin nickel and black; 3/Flush mount handle is only available in satin nickel, faux bronze, oil rubbed bronze and black.

every project + every style

Windsor Windows & Doors has distinct product lines for every application. New construction. Room additions. Window replacement. Windsor has the solutions to help meet any home building or home improvement need. Discover all of the products we have to offer.

pinnacle

The strength and beauty of natural wood define our elite Pinnacle line of products. Crafted from the finest pine, alder and fir, Pinnacle windows and doors add a measure of elegance to any home.

From subtle to showy, Pinnacle products are endlessly customizable through an array of finishes, hardware, shapes, grille options, cladding colors, glass and trim options, allowing the perfect window or door to be created.

Homeowners can choose from the technologically advanced Pinnacle Select, the durable and damage resistant Pinnacle wood clad or Pinnacle primed, which arrives ready to be painted any color.

legend

Legend products are constructed from solid cellular PVC, creating the traditional look and feel of painted wood with the low maintenance and strong durability of vinyl. Our windows are protected against rotting, warping, cracking or swelling with a 25-year warranty. Legend products are well suited for both new construction and historical renovation.

Legend HBR products combine the strength and durability of our Legend cellular PVC frame with a wood clad sash. This powerful hybrid offers a low-maintenance exterior with a beautiful wooden interior.

next dimension

Next Dimension Signature windows and doors are robust, reliable products that offer the resilience of extruded multi-chambered vinyl. Enhanced components and sturdy construction add strength and stability. Homeowners enjoy exceptional performance and energy efficiency.

Next Dimension Classic is available in single and double hung units, sliders and sliding patio doors. What makes Next Dimension Classic unique is its sloped sill, tilt sash, brickmould profile frame and decorative features, such as a profiled inner grille and simulated divided lite.

Next Dimension Pro vinyl windows and patio doors are designed for light commercial, multi-family and residential applications, all at a highly competitive price. Vinyl extrusions ensure superior weathering, durability and color retention. Construction features are built in to reduce maintenance, add strength and security, and maximize weather resistance.

All Next Dimension vinyl products are available in white or clay, as well as seven painted exterior colors (white, ivory, tan, bronze, cinnamon, hunter green and black). These products offer commercially rated performance and low maintenance, and are backed by a lifetime limited warranty.

revive™ pocket replacement windows

There's a lot to love about a home – its unique character, timeless details and genuine craftsmanship. Drafty, unsightly windows can easily steal away from the beauty of these features. That's where Revive pocket replacement windows come into the picture.

Each window can be transformed with stunning Windsor quality in about an hour – with fewer worries about disturbing any treasured wood trim or other interior and exterior features. And because they're meticulously built to order with customizable features in three high-quality materials (wood clad, hybrid and vinyl), Windsor Revive pocket replacement windows are a fast, uncomplicated upgrade.

revive sash replacement kit

Replace old, drafty, inefficient double hung sashes with energy efficient, dual pane sashes. Windsor's Revive Sash Replacement Kit makes updating easy, allowing homeowners to leave existing interior trim and plaster in place. Choose from three different replacement sashes: versatile primed wood, durable aluminum clad or low-maintenance cellular PVC. Revive sashes feature EZ Tilt, which provides fast access for hassle-free cleaning.
